Cladding Shower Walls

Florim 120x60 slabs

Neutra Series

Fine porcelain stoneware becomes a true design element, creating a collection that can be defined as an open project. Walls become enormous paintings in which color is seen as the primary element of expression with effective communicative properties, an emotional backdrop that takes shape from the individual's freedom of imagination.

08 Avio

09 Oliva

10 Acquamarina

Floors and walls:

Solid concrete flooring poured with a quartz finish and subsequent application of protective stain-resistant resin for a uniform finish and maintaining the texture of a glossy concrete effect. Minimal joints with a detailed design create a minimalist floor that enhances the view and furnishings.

The walls and ceilings will be made of exposed concrete with a protective coating.

Building envelope

Exposed wooden beam roof

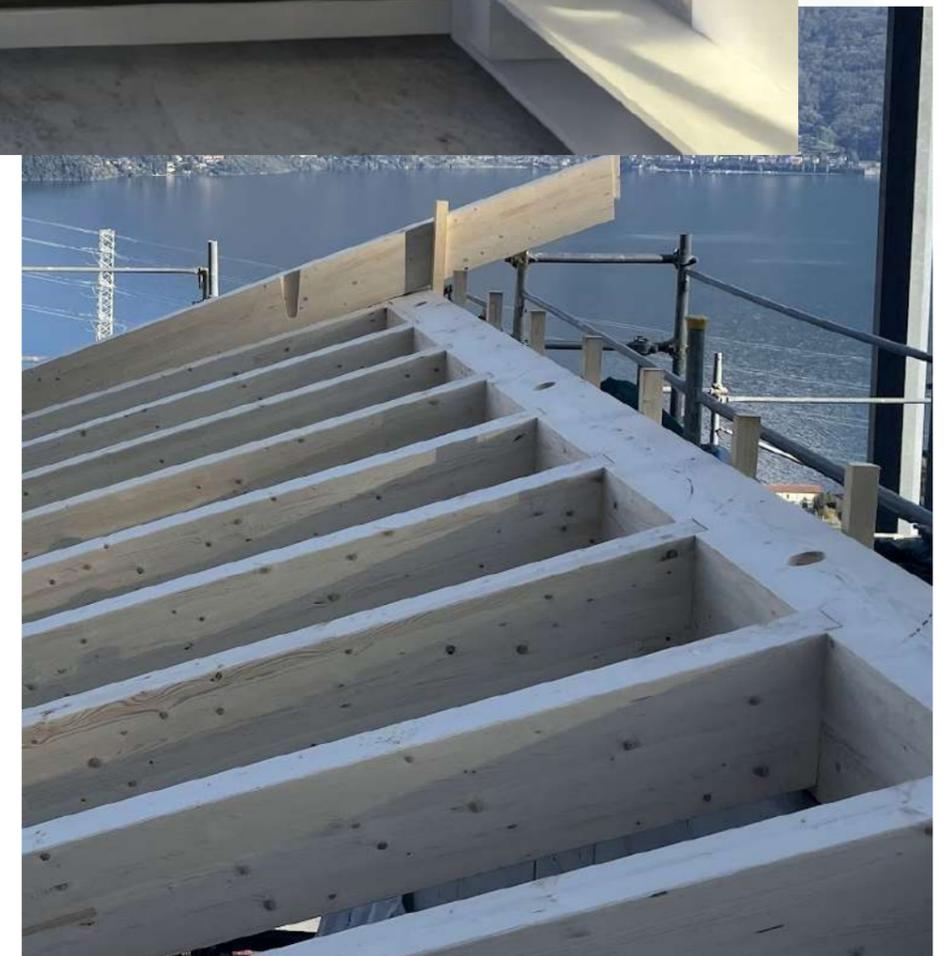

Load-bearing structure with solid wood joists
Beading over joists
Vapor barrier
Rock wool
Breathable waterproof sheet
Ventilation 6x8 cm
Sheet metal support strip 5x8 cm
Anthracite-colored sheet metal roofing panel
Thickness with additional integrated insulation

High-performance

windows and doors

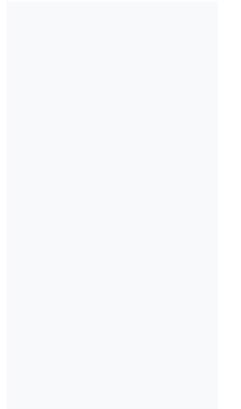

Average transmittance 1.1 W/m²k

Interior Doors

Single-leaf internal swing doors, including a transom window, made of hollow-core wood, with a honeycomb core structure, finished thickness 48 mm, perimeter frame in fir wood and fiberboard panels, hinged door with side panel, matte white finish.

Single-leaf internal sliding doors, including a transom window, made of hollow-core wood, with a honeycomb core structure, finished thickness 48 mm, perimeter frame in fir wood and fiberboard panels, hinged door with side panel, matte white finish.

Electrical System

Black Living Series
with integrated LED lighting on the external stairs
